## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claim 22-35, 37-43, and 45-47 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. Claim 22 is allowed because it now includes a limitations from claim 28 in a modified form, that was previously objected to but considered to contain allowable material.
4. Independent claims 28, 33, 35, and 37 were previously dependent claims that were objected to as containing allowable subject matter but being dependent from a rejected base claim. They are rewritten as independent claims and include the limitations the base claim and are now placed into a condition of allowance. Their dependent claims therefore also placed into a condition of allowance.
5. Claim 43 is allowed because it is has been amended to include the method equivalent of claim 28, which was previously objected to but considered to contain allowable material.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

preferably accompany the issue fee. Such submissions should be clearly labeled

"Comments on Statement of Reasons for Allowance."
